

# **COMPACT EXCAVATORS** E10e, E19e

ELECTRIC

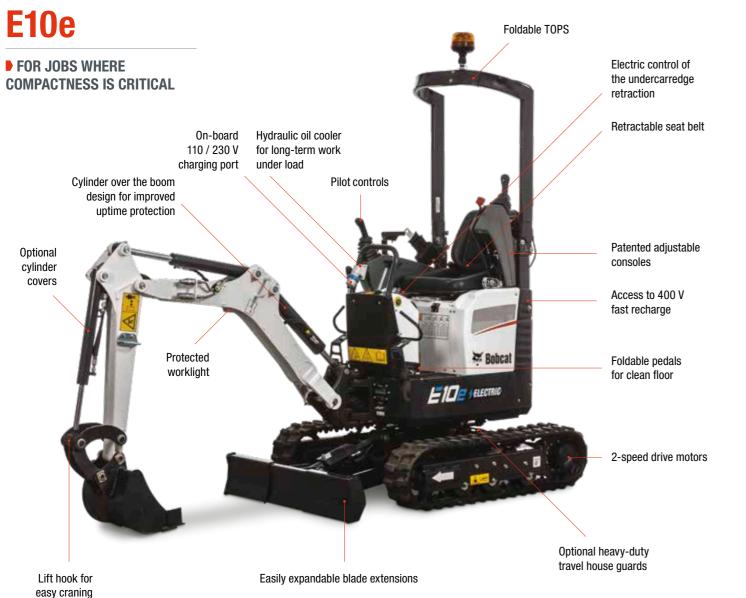

## **INTRODUCTION**

# **A POWERFUL ELECTRIC FUTURE**

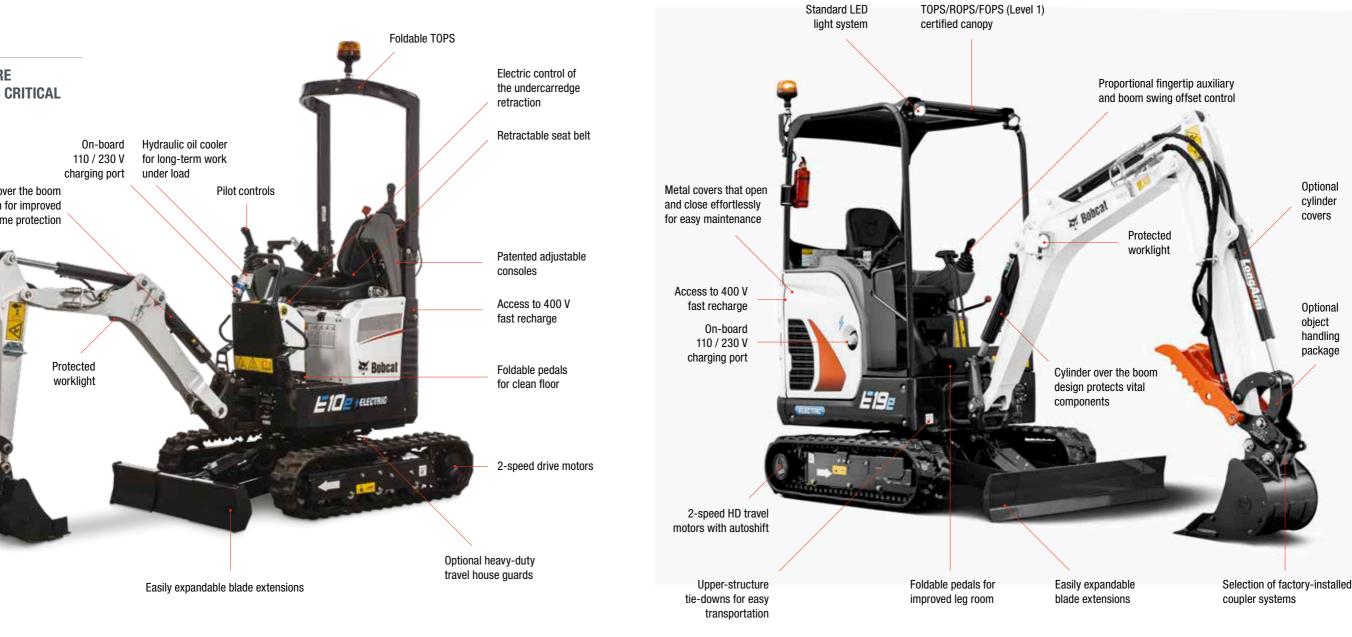

### **GO GREEN. BE SEEN.**

Unlock new possibilities - and work where other machines cannot - with Bobcat's Electric Mini Excavators. Get the power and precision you need - all in a machine built around you, with reduced noise and zero emissions.

## **E19e**

FOR JOBS WHERE THE COMBINATION OF PERFORMANCE AND COMPACTNESS IS REQUIRED

DO MORE WITH LESS DISRUPTION Discover new ways of working and expand your capabilities without being limited by typical working

hours.

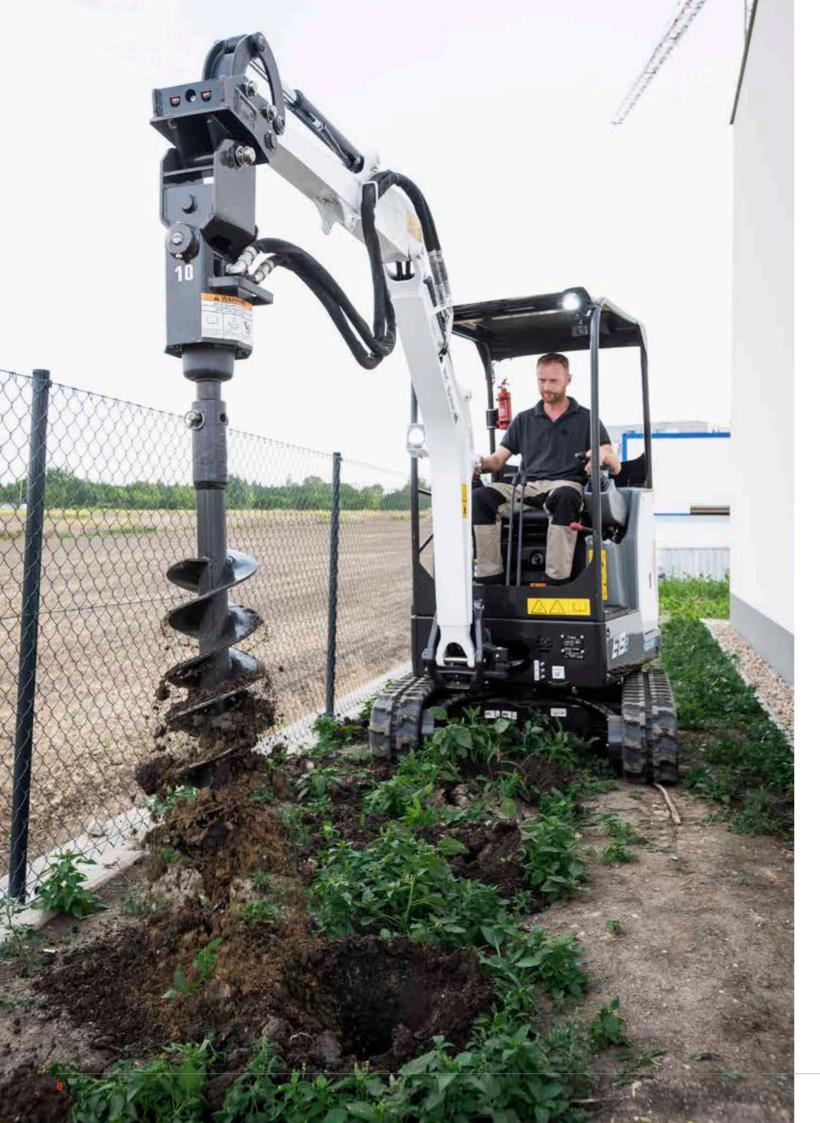

FIRST-CLASS COMFORT Feel right at home in a spacious, low noise and zero emissions machine designed around your needs.

IMPRESSIVE PRECISION The ergonomic design, intuitive travel pedals and joystick controls give you everything you need at your fingertips.

READY FOR SMARTER WORK Vast battery capacity and super-fast charging mean you can work all day, using breaks to top up the battery.

PERFORMANCE

## **ZERO EMISSIONS MAXIMUM PERFORMANCE**

## **POWER WHERE YOU NEED IT**

**EASY TO TRANSPORT** With their compact footprint and low weight, the E10e and E19e are so easy to transport. Each machine can be transported via a passenger car with a small trailer - and the E10e can even fit into a regular van.

### HIGH PERFORMANCE

Thanks to the constant power curve provided by the electric powertrain, the E10e/E19e provides the same, or even better, performance as the diesel equivalent models. The thermal management system provides the batteries with a wide temperature operation window.

### **ZERO EMISSIONS**

Safe, zero-emissions design. The E10e / E19e provides a very attractive solution for both indoor and outdoor projects – for rental companies and contractors alike.

**BATTERY RUN TIME** 

Demolition

Hydraulic breaker

## **WORKING WITH AN ELECTRIC MACHINE**

Trenching

Digging bucket

consumption

1.5 – 2 hours

### **BUCKETS OF POWER**

consumption

2.5 – 3 hours

With their vast battery capacity, combined with an optimized electrical system, the E10e and E19e match the performance of their diesel brothers - with all the additional benefits of an electric machine. The powerful electric motor allows you to use a wide variety of attachments – from digging and grading buckets, to augers and breakers. The battery indicator is clearly visible on the display, so you can easily plan your workday.

consumption

Up to 4 hours

CHARGING STRATEGY

Trenching with the E19e

Supercharger

### **ALL-DAY BATTERY**

The E10e and E19e can both operate throughout a full working day, following the normal working routine. Using an external Supercharger functionality, the batteries can be fully recharged in slightly over 1 hour (the E10e), and in less than 2 hours (the E19e). The batteries can also be recharged overnight from a standard 230 V grid, using the on-board charger.

On-board 230 V charging port

# **BUILT TOUGH**

### ► A RELIABLE MACHINE

After years of development and testing, the E10e and E19e are truly dependable - with premium battery technology matching the market leaders in electric cars. At the same time, the machines are backed by a full manufacturer warranty, including parts and service.

### **TESTED DESIGN**

The design features have been tested under extreme conditions and ensure extra durability and peace of mind while working.

- Metal covers can be opened or bolted on
- 2-piece blade cylinder hoses
- · Wrenchless hydraulic hose technology helps prevent leakage
- Proven boom and dipper stick design
- Top-mounted boom cylinder

### MACHINE IO

BOBCAT® Machine IQ Wireless Communications enhances the support for your Bobcat machine.

- Durable built-in monitoring electronics
- Data is available to our machine monitoring specialist
- Maintenance is optimized for your business
- Data-driven services maximize uptime

## **THERE'S NO TIME** FOR DOWNTIME. **STAND UP TO THE HARSHEST CONDITIONS.** DAY AFTER DAY.

### STANDARD WARRANTY

Bobcat Company develops every machine to the highest standards of quality and durability. That's why our standard warranty provides 24 months or 2 000 operating hours (whichever occurs first) of coverage.

### PROTECTION PLUS EXTENDED WARRANTY

Enjoy total peace of mind with a Protection Plus® extended warranty. Providing the same level of protection as the standard warranty, Protection Plus also reflects different customer needs and expectations by offering a choice of durations and annual operating hours. According to your needs, you can benefit from the coverage for up to 5 years or 6 000 engine hours. And Protection Plus is transferrable so it will likely increase your machine's resale value.

### **BOBCARE**

A long-running machine starts with proper planned maintenance – which helps protect against unplanned failures and repair costs when you're counting on your machine to work.

• Avoid risk by preventing major repairs and complete failures. Accomplish more by reducing downtime and increasing your productivity and profitability.
